

The Beara Writing Experience

To mark the changes in the year, The Beara Writing Experience runs writing workshop retreats to coincide with the Celtic festivals of Samhain, Imbolg, Bealtaine and Lughnasa. In the vast quietness of the Beara Peninsula, you become more aware of the rhythm of the year.

The next writing workshop retreat from The Beara Writing Experience will take place around the festival of Samhain, which marks a turning point in the year and the beginning of the next. The focus will be on producing writings to be included in *An Duanaire Bheara*, a collection of responses to the great beauty and space of the Beara Peninsula. Together, we will also create a Renga, a complex form of interlinked poetry in which we will echo, magnify, and engage with each other, also to be included in *An Duanaire Bheara*.

Beginning and experienced writers alike will find new perspectives and inspiration by being fostered and encouraged in the beauty and tranquility of the Beara Peninsula. For booking, and rates, contact Sue at thebearawritingexperience@gmail.com.
